Disc WG	Project #	Year	Project Title	Project Description
E		2001	Lighting Design Guidance (Int. & Ext.)	Develop new UFC on Interior and Exterior Lighting Requirements
		2001	Battery Room Criteria	Provide best available tech guidance concerning the design of battery rooms for various facilities. This document merges and updates guidance from several DM's and MH's.
		2002	MIL HDBK 1195 to UFC3-500-05	Design: Radio Frequency Shielded Enclosures
		2003	400 hertz systems study	
	E-01	2003	Planning Engineering, and Design of Telecom Outside	Navy Portion Only. USACE is providing other portion
	E-02	2003	Safety of Electrical Transmission & Distribution (MV	Update and combine tri-serv requirements on elect safety. Possibly merge Field guides from Navy and Airforce into Appendices in UFC
	E-05	2003	Structured Telecommunication & Pathway System	Combine UFGS 16710N and UFGS 16710A into tri - service UFGS 16710, "Building Telecommunications Cabling System"
	E-06	2003	Telephone Distribution System Outside Plant	Combine Navy specification (16721N) with Army specification 16711A into tri-iservice UFGS.16711, "Telecommunications Outside Plant"
EN				
	EN-01	2003	Wastewater Treatment	Convert MH 1005/16 to UFC

Disc WG	Project #	Year	Project Title	Project Description
	EN-02	2003	Resolve Asbestos Removal Legal Issues	Convert NFGS 13821
	EN-1	2002	Low Impact Site Development Criteria	
FP		2003	Foam Fire Extinguishing for Aircraft Hangers	
		2002	Fire Modeling Behavioral Criteria and Educational Im	University of Maryland sponsored training for EFD's
		1995	Exterior Reporting Fire Alarm System, Radio Type	Base-wide radio fire reporting system which provides reporting to a central alarm processing location through the use of radio transmitters .
M		2001	DB HVAC Commissioning	
		1999	Revise MIL-HDBK 1003/17, Industrial Ventilation Sy	
	M-01	2003	Air Supply, Distribution, Ventilation and Exhaust Syst	Provides Navy update to recently completed Army "system" spec which will incorporate multiple (+/-5) Navy "component" specs.
	M-02	2003	Design Plumbing Systems	

Disc WG	Project #	Year	Project Title	Project Description
	M-03	2003	Basic Mechanical Materials and Methods	
	M-04	2003	Design of HVAC Systems	Combine U.S. Army Corps of Engineers current version of draft UFC with current version of MIL-HDBK-1003/3A prepared by NorthDiv. ETC 04/11/2003
	M-05	2003	Fuel System Commissioning	
	M-2	2002	Petroleum Fuel Facilities	
MC		1999	Industrial Water Treatment Operations and Maintenance	
	MC-04	2003	Mold Assessment and Remediation	Develop a UFGS for mold assessment/remediation. This is a Navy/DOD wide issue and there is significant disagreement when it comes to sampling protocol and remediation methods.
	MC1	2002	Update NFGS to improve OMSI Technical Guidance	
SD		2001	Sustainable Performance Monitoring and Management	
		2001	Sustainable Design Training Seminar	

Disc WG	Project #	Year	Project Title	Project Description
	SD-01	2003	Sustainable Training PHI EFDLANT & EFDSOUTH	
	SD-02	2003	WEB based Training Module	Develop web based training module based on EFDSOUTH process map
SGS		2002	Metal Support Assemblies	Update UFGS-09100N and combine with USACE requirements from UFGS-09250A
		2003	Maintenance of Various UFGS	For review and update of various UFGSs.
		2001	FY01 Standardization Funds	
	A-1S	2002	Modified Bituminous	
	SGS-01	2003	Thermal Insulation	Update and include USACE requirements.
	SGS-02	2003	Veneer Plaster	Update and include USACE requirements
	SGS-04	2003	Gypsum Plaster

		2003	Installation Perimeter Considerations (2 hours)	
		2003	Identification & Assessment of Critical Infrastructure.	
		2003	Update NAVFAC P-397: Design For Blast Effects	
		2003	Window Design Tools (Frames/Anchorage)	
		2003	Training on Construction Considerations/Requirement	Video/Web based training for ROICC offices covering specific ATFP construction issues - areas of concern (window anchorage, glazing), reinforcing detailing, specific construction requirements.
		2003	Collective Protection Considerations for Buildings	
		2003	Progressive Collapse Prevention - Design tools	Similar effort to project No. 233. Delete?
		2003	ATFP Website Development Phase II	Website framework implementation and module (permanent structures) development.
		2003	Structural Hardening-Applied Examples (2days)	Classroom training covering structural hardening.
		2003	Analysis of Design Basis Threat/LOP for Facilities	

Disc WG	Project #	Year	Project Title	Project Description
		2003	Structural REPAIR Methods and Tools	Structural hardening of existing facilities UFGS.
		2003	Progressive Collapse Prevention - Guidelines	UFC 4-012-06 Security Engineering: Design of Buildings to Resist Progressive Collapse
		2003	Structural Hardening Conventional Materials	UFC 4-012-05 Security Engineering: Structural Design to Resist Explosives Effects for Existing Buildings.
		2003	Structural Hardening-Principles & Tools (3 days)	Classroom training covering structural hardening.
		2003	Entry Control Facilities	Combine navy, airforce and army documents
		2003	NFESC Program Management	
		2003	NSI Destruction Guide	
		2002	Website (Physical Security)	Develop concept and site architecture for ATRP informational facilities website. This effort represents the first phase in the development which will be followed up with phase II in FY03.
		2003	ILD User Data Package	
		2003	ATRP Hotline Database	

Disc WG	Project #	Year	Project Title	Project Description
		2003	Security Engineering Community Liaison	
		2003	Web accessible Training Tech Support	Provide technical support for distance learning web sites
		2003	ATFP On-Demand Consultation Services	
		2003	Maintain and Vet ATFP Hotline Database	
		2003	Physical Security-Community Liason	
		2003	Waterfront Security-Community Liaison	
		2003	Pier Security	Portion of waterfront UFC.
		2001	Masonry Structural Design for Buildings	Draft received 8/2000. Comments received. VRD called for status in excess of 20x's. Expect to get final @ 2003 Infrastructure Conference. See SS-171
		2002	Insulated Steel Structural Panels	
		2003	Progressive Collapse Prevention-Parametric Cost Mod	Determination of costs associated with progressive collapse.

Disc WG	Project #	Year	Project Title	Project Description
		2003	CBR Community Liaison	
	SS-03	2003	DDESB Approved Magazine Standards	Develop a UFC for Ammunition & Explosive Storage Magazines
	SS-04	2003	Seismic Design for Buildings	Develop UFC for Seismic Design of New DoD buildings to supplement IBC 2003 for DoD unique seismic issues and develop design tools to help in the understanding and application of the IBC requirements
	SS-2S	2002	Seismic Upgrade for Specs (Phase 1)	
	SS-7	2002	M Type Magazines	Development of standards autocadd drawings for the 'M' type earth covered A&E magazine.
	SS-8	2002	ATC-20 Training	Provide web based training in the application of ATC-20, Post seismic occupancy inspections
